Richard

I don't know how to treat the vaccine but you can remove the spike protein from people with the resonant frequency of Suramin.

Suramin $C_{51}H_{40}N_6O_{23}S_6$ Monoisotopic molar mass = 1296.047 X 3052.4932 (converts molecular mass to frequency) --> 3,956,175 Hz

Jesus died for our sins on a cross of wood,
yet He made the hill on which it stood.
